

## **News Flash!**

The Eldorado Hills Community Services District of Northern California will be hosting a viewing event for the upcoming Perseid Meteor Shower, on the evening of August 11th. This event will also include representatives of the Sacramento Valley Astronomical Society and the Association of Lunar and Planetary Observers to guide guests viewing the meteor shower. The crescent moon sets early, making the skies perfect for viewing the meteor shower after midnight. Bring your lawn chairs or picnic blankets and set up on Sellwood Field, in Eldorado Hills, any time after 9pm. New and long-standing ALPO members are invited to this gathering as a way to support your ALPO! There is no cost to attend. For more information about the location and directions to this event to go:
