

INDEX TO VOLUME 20 OF  
THE JOURNAL OF THE ASSOCIATION OF LUNAR AND PLANETARY OBSERVERS

(The Strolling Astronomer)

by Michael Mattei

PUBLICATION DATA

|                   |                               |            |
|-------------------|-------------------------------|------------|
| Issue Number 1-2, | January - February, 1966....  | pages 1-36 |
| 3-4,              | March - April, 1966.....      | 37-72      |
| 5-6,              | May - June, 1966.....         | 73-108     |
| 7-8,              | July - August, 1966.....      | 109-144    |
| 9-10,             | September - October, 1966.... | 145-180    |
| 11-12,            | November - December, 1966.... | 181-216    |

AUTHOR INDEX

|  |   | Pages                       |
|--|---|-----------------------------|
| Abbey, Leonard B.  | Observing Uranus in 1967  | 44-45                       |
| Ashbrook, Joseph   | Comment on a Lunar Halo   | 6                           |
|  | A Working List of Steep Places on the Moon  | 37-42                       |
| Bartlett, James C.   | Aristarchus: The Violet Glare   | 20-28                       |
|  | Twenty Years of the A.L.P.O., An Appreciation   | 109-110                     |
| Baum, Richard M.   | Transient Lunar Phenomena: Some Obscure Nineteenth<br>Century Accounts                                | 155-158                     |
| Bortle, John E.  | Ikeya-Seki, East  | 64-65                       |
| Brasch, Klaus R.   | Report on the 1964-65 Apparition of Mars, Part I  | 12-18                       |
| Cameron, Winifred S<br>and Gilheany, John J.                       | Observational Results of the First One and One-Half<br>Years of The Moon Blink Projects               | 145-155                     |
| Cave, T.R. Jr.   | Venus Near Inferior Conjunction   | 119-120                     |
| Chapman, Clark R.  | A Personal Look at the A.L.P.O. With Some<br>Modest Suggestions                                       | 112-116                     |
| Chapman, Clark R., Cruikshank, Dale P.<br>and Hartmann, William K. | Visual Observations of an Occultation of<br>BD -19 5925 by Saturn                                     | 76-78                       |
| Cox, Robert E.   | Seventeenth Annual Meeting of the Mid-States<br>Region of the Astronomical League                     | 137-138<br>140-141          |
| Cragg, Thomas A.   | Rotation Periods of Spots on Saturn Near Latitude<br>60 North in 1960                                 | 122-124                     |
| Cross, Eugene W.   | A Coloration Phenomenon in Theophilus   | 192-193                     |
| Cruikshank, Dale P.  | Planetological Fragments - 5,6,7  | 19-20<br>101-103<br>195-197 |
|  | Aims of the Venus Section in 1967   | 45-46                       |
| Cruikshank, Dale P.<br>and Hartmann, William K.                    | Index to Volume 19 (1965) of the Strolling<br>Astronomer  | 53-58                       |
| Dart, Laren  | Simplified Selenographic Colongitude Tables   | 161-163                     |
| Delano, Kenneth J.   | Mersenius, A Major Crater of Plutonic Origin  | 61-63                       |
|  | The Observation of Lunar Domes  | 78-80,81                    |
| Goodman, Joel W.   | Reflections on Amateur Lunar and Planetary<br>Observational Astronomy and the Role of<br>the A.L.P.O. | 110-111                     |

|                     |  |                  |
