

INDEX OF "THE LUNAR OBSERVER"
2023

2023	TITLE	PRINCIPAL AUTHOR	FEATURE	CATEGORY
September	Albategnius	Hill, R.	Albategnius	Topographic Studies
May	Apollo 16 Region	Hill, R.	Apollo 16	Topographic Studies
June	Two Interesting Aspects of the Aristarchus Plateau	Babino, Horacek, Andrada a	Aristarchus	Topographic Studies
June	Asclepi	Hays, R. H., Jr.	Asclepi	Topographic Studies
June	In the Border of Libration: Babbage and Pythagoras	Anunziato, A.	Babbage and Pythagoras	Topographic Studies
July	Two New Rilles Are Found Near Crater Beer	Pau, KC	Beer	Topographic Studies
September	Two New Crater Names in Lunar Nomenclature August 2023	Moore, J.	Burbidge & Floss	Topographic Studies
March	Burg B	Anunziato, A.	Burg	Topographic Studies
May	Carrel	Hays, R. H., Jr.	Carrel	Topographic Studies
April	Dividing Mountains	Hill, R.	Caucasus Mountains	Topographic Studies
June	An Overview of Clavius, Tycho and Bailly	Grainger, J.	Clavius, Tycho and Bailly	Topographic Studies
November	Eyes of Clavius	Pau, KC	Clavius, Tycho and Bailly	Topographic Studies
December	What Are the White Streaks Behind the Western Rim of Co	Pau, KC	Copernicus	Topographic Studies
December	A Tour of Copernicus and Pythagoras Crater	Grainger, J.	Copernicus and Pythagoras	Topographic Studies
September	Concentric Crater Crozier H	Eskildsen, H.	Crozier	Topographic Studies
February	One of the Most Beautiful Areas on the Moon	Anunziato, A.	Delisle	Topographic Studies
February	Zebra Stripes in Southwest Mare Tranquillitatis	Teske, D.	Dionysius	Topographic Studies
May	Study of Diophantus-Delisle Area with Earth-Based Telescopic F	Pau, KC	Diophantus-Delisle	Topographic Studies
November	Focus On: Hiking In the Moon: Dorsum Smirnov	Anunziato, A.	Dorsa Smirnov	Topographic Studies
November	Dorsa Smirnof and Eastern Mare Serenitatis	Walker, P.	Dorsa Smirnov	Topographic Studies
November	Wrinkles	Hill, R.	Dorsa Smirnov	Topographic Studies
February	Dorsum Azara	Anunziato, A.	Dorsum Azara	Topographic Studies
December	Dorsum Azara	Anunziato, A.	Dorsum Azara	Topographic Studies
April	Dorsum Gast and Dorsum Buckland	Anunziato, A.	Dorsum Gast and Dorsum E	Topographic Studies
November	Dorsum Zirkel	Anunziato, A.	Dorsum Zirkel	Topographic Studies
September	A Tour of Gassendi	Grainger, J.	Gassendi	Topographic Studies
October	Traveling With the Vikram Lander	Anunziato, A.	General	Topographic Studies
October	Just a Fingernail Clipping	Hill, R.	General	Topographic Studies
May	Grove in the Terminator	Anunziato, A.	Grove	Topographic Studies
September	Hercules and Atlas	Eskildsen, H.	Hercules and Atlas	Topographic Studies
April	Now and Then	Teske, D.	History	Historical studies

INDEX OF "THE LUNAR OBSERVER"
2023

August	Rima Hyginus in the Terminator	Anunziato, A.	Hyginus	Topographic Studies
June	Janssen to Rheita	Hill, R.	Janssen	Topographic Studies
November	Kepler to Marius	Hill, R.	Kepler	Topographic Studies
December	Lacus Mortis and Burg	Hill, R.	Lacus Mortis	Topographic Studies
September	Are the Domes in Lacus Veris Detectable in Telescopic Images?	Lena, R.	Lacus Veris	Lunar Domes
January	Langrenus Ignored	Hill, R.	Langrenus	Topographic Studies
October	Lassell	Hays, R. H., Jr.	Lassell	Topographic Studies
February	Letronne	Hays, R. H., Jr.	Letronne	Topographic Studies
August	The Three Central Peaks of Letronne (In the Center or Dorsa Ru)	Anunziato, A.	Letronne	Topographic Studies
January	Lunar Disclosure	Scheidereiter, G.	Lunar observations	Topographic Studies
January	Lunar X and V Visibilities 20223	Shanos, G	Lunar X and V	Ephemeris
April	The Ghost Wrinkle Ridge Near Luther Revisited	Anunziato, A.	Luther	Topographic Studies
April	Madler and Other Oddities	Cardinalli and Anunziato	Madler	Topographic Studies
October	Maginus, Clavius, Blancanus, Klaproth a Casatus	Walker, P.	Maginus, Clavius, Blancanus	Topographic Studies
September	Crisium North	Hill, R.	Mare Crisium	Topographic Studies
November	Mare Crisium, A Review of Major Features	Grainger, J.	Mare Crisium	Topographic Studies
August	The Topography of a Nameless Wrinkle Ridge in Mare Imbrium	Anunziato, A.	Mare Imbrium	Topographic Studies
January	Exploring the Sea of Isles and the Known Sea	Teske, D.	Mare Insularum	Topographic Studies
August	Nectarian Nectar	Hill, R.	Mare Nectaris	Topographic Studies
May	A True Wrinkle Ridge and a False One	Anunziato, A.	Mare Nectaris	Topographic Studies
June	The Topography of an Irregular Wrinkle Ridge in Mare Nectaris	Gundlach, Cardinalli and An	Mare Nectaris	Topographic Studies
October	Nectaris Basin: A Review of Major Features	Grainger, J.	Mare Nectaris	Topographic Studies
March	Focus-Oo: Expedition to Mare Nubium	Anunziato, A.	Mare Nubium	Topographic Studies
March	The Southern Shore of Mare Nubium	Teske, D.	Mare Nubium	Topographic Studies
July	The Wrinkle Ridges on the West Ridge of Mare Serenitatis	Anunziato, A.	Mare Serenitatis	Topographic Studies
October	Western Mare Tranquillitatis	Walker, P.	Mare Tranquillitatis	Topographic Studies
November	A Good Morning of Imaging and Viewing	Walker, P.	Mare Tranquillitatis	Topographic Studies
July	Visibility of Domes in Mare Undarum	Garrett, L.	Mare Undarum	Topographic Studies
December	Mare Marginis, Eastern Mare Crisium and Mare Anguis	Walker, P.	Mares Marginis, Crisium and	Topographic Studies
December	Mare Smythii, Mare Undarum and Mare Spumans	Walker, P.	Mares Smythii, Undarum and	Topographic Studies
June	McClure, Cook, Monge and Biot B	Hays, R. H., Jr.	McClure, Cook, Monge and	Topographic Studies
December	The Wrinkle Ridge that Runs From Mons Piton to Aristillus	Anunziato, A.	Mons Piton to Aristillus	Topographic Studies

INDEX OF "THE LUNAR OBSERVER"
2023

July	A Changing Name, Focus on Mons Rumker	Anunziato, A.	Mons Rumker	Topographic Studies
July	Rumker	Hays, R. H., Jr.	Mons Rumker	Topographic Studies
July	Mons Rumker	Hill, R.	Mons Rumker	Topographic Studies
April	The Northern Mountains	Hill, R.	Montes Apeninnius	Topographic Studies
April	Not Only Do Comets Have Tails, They Also Have Tails...	Scheidereiter, G.	Na+ tails	Topographic Studies
March	A View of Oceanus Procellarum	Cardinalli and Anunziato	Oceanus Procellarum	Topographic Studies
January	Focus-On: The Petavius: Land of Cracks	Anunziato, A.	Petavius	Topographic Studies
September	Breathtaking Terminator	Hill, R.	Petavius	Topographic Studies
September	A Tour of Petavius	Grainger, J.	Petavius	Topographic Studies
September	Petavius	Hill, R.	Petavius	Topographic Studies
March	Piton	Hays, R. H., Jr.	Piton	Topographic Studies
August	Plato Hook Shadow is Real	Pau, KC	Plato	Topographic Studies
September	A Tour of Posidonius	Grainger, J.	Posidonius	Topographic Studies
September	Posidonius	Hill, R.	Posidonius	Topographic Studies
March	Reiner Gamma: A Lunar Swirl Mystery	Hill, R.	Reiner Gamma	Topographic Studies
May	Focus-On: Mysterious Reiner Gamma	Anunziato, A.	Reiner Gamma	Topographic Studies
May	Reiner and Reiner Gamma	Hays, R. H., Jr.	Reiner Gamma	Topographic Studies
May	Reiner Gamma in the Golden Ages	Teske, D.	Reiner Gamma	Topographic Studies
June	The Mystery of Reiner Gamma and a Possible Correlation to the I	Huddleston, M. W., FRAS	Reiner Gamma	Topographic Studies
July	Straight Walls	Hill, R.	Rupes Recta	Topographic Studies
January	The Ridge that Crosses Scheele Arc	Anunziato, A.	Scheele Arc	Topographic Studies
April	Footprints of Giants	Teske, D.	Schiller	Topographic Studies
October	Deciphering Secchi Crater	Anunziato, A.	Secchi	Topographic Studies
February	Sinus Viscositatis, Bay of Stickiness	Moore, J.	Sinis Viscositatis	Topographic Studies
January	The Wrinkle Ridges of Sinus Iridum Observed with a Small Tel	Anunziato, A.	Sinus Iridum	Topographic Studies
December	Seven Notes On Visual Observation and Drawing of the Moon	Anunziato, A.	Techniques	Observing Techniques
August	Theophilus, Mare Nectaris Region	Grainger, J.	Theophilus	Topographic Studies
February	The Whole Moon as a Slideshow	Fink, H		Imaging
February	Impacts on the Moon	Scheidereiter, G.		Historical studies
February	Plutarch as a Precursor of Galileo	Anunziato, A.		Historical studies
March	The Lovely Venus, Moon and Mars	Deconinck, M		Conjunction and Occultations
March	The Clouded Out Occultation of Mars, January 31, 2023	Shanos, G		Conjunction and Occultations

INDEX OF "THE LUNAR OBSERVER"
2023

March	Mars Occultation December 8, 2022	Walker, P.		Conjunction and Occultation
May	Pareidolia, what do we see on the Moon?	Scheidereiter, G.		Historical studies
June	The Moon of Buenos Aires	Scheidereiter, G.		Historical studies
July	The Moon of Men	Scheidereiter, G.		Topographic Studies
